

Building for the Future

This day care facility participates in the Child and Adult Care Food Program (CACFP), a federal program that provides healthy meals and snacks to children receiving day care.

Each day more than 2.6 million children participate in CACFP at day care homes and centers across the country. Providers are reimbursed for serving nutritious meals that meet USDA requirements. The program plays a vital role in improving the quality of day care and making it more affordable for low-income families.
